Google Sheets

Critical Thinking

Classrooms that facilitate and teach critical thinking leads students to develop other skills, such as a higher level of concentration, deeper analytical abilities, and improved thought processing.

Creativity

Classrooms that foster creativity are becoming a necessity because in today's world of global competition and task automation, innovative capacity and a creative spirit are fast becoming requirements for personal and professional success.

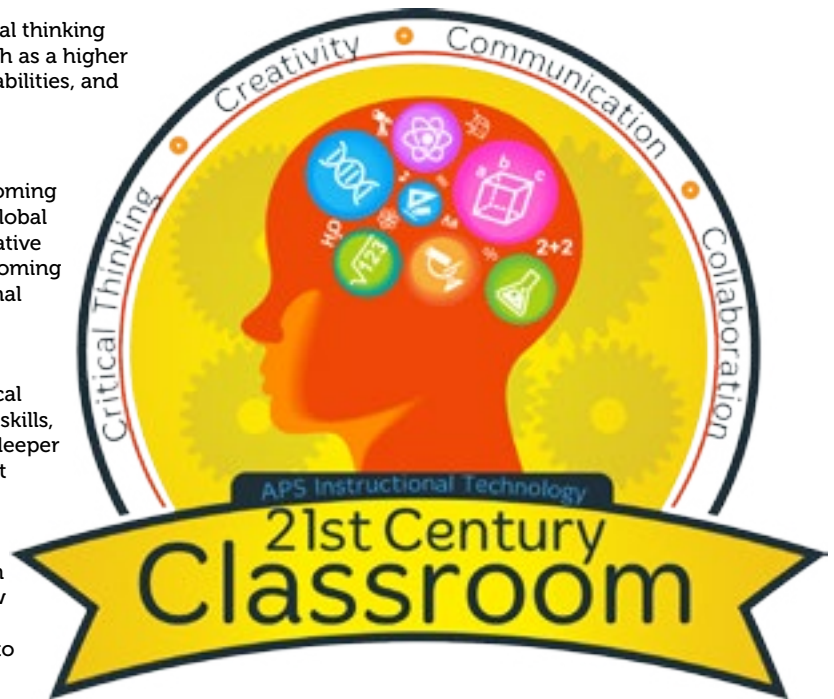

Communication

Classrooms that facilitate and teach critical thinking leads students to develop other skills, such as a higher level of concentration, deeper analytical abilities, and improved thought processing.

Collaboration

Collaboration is essential in the classroom because it is inherent in the nature of how work is accomplished in our civic, college and workforce lives. It is a necessity due to globalization and the rise of technology.

21st Century Classroom

The Four C's

The 21st Century Classroom Transformation Project delivers new technologies and subject matter expertise directly to our teachers to help them design meaningful learning experiences that give our students the knowledge and capabilities they need to successfully navigate the future.

eBooks

Digital Content

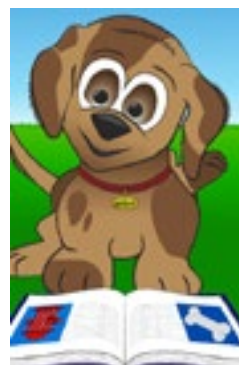

APS currently has over 2,200 one-to-one eBooks from Follett, as well as unlimited simultaneous access eBooks. Media Services also provides access to a multitude of digital content for students and teachers. Contact your ETS or local Media Specialist to get assistance with integrating these resources into your lessons.

Outside of the district a school specific username/ password is required. External offsite access to APS eBooks is standard for all district and local school owned eBooks:

Username = school name

Password = readmore

There are a few exceptions so please speak to your media specialist to obtain the correct username/password for your school if you are having difficulties.

schoolwires®

Class Web Page

Schoolwires

Having a class web page is essential in today's classroom. A classroom web page increases teacher efficiency, provides students access to vast amounts of additional resources, and parents and the school community to connect with you, the teacher. Contact your ETS to get assistance setting up your classroom webpage using Schoolwires today.

iPad

Integration

The iPad can be a powerful tool in your classroom. Below are some resources and lesson plan ideas to get you started. Contact your ETS to get assistance with designing transformative lessons integrating the iPad into your classroom.
